 6. The exlibris should be submitted in 5 identical copies (prints), signed in pencil on the obverse and described on the reverse (the author's name and surname, technique, date of execution, number – opus and the individual print's number).
 7. Variants and versions of a particular exlibris, if submitted in five identical copies, signed and described as indicated above will be considered a separate entry in the competition and judged independently.
 8. Submitted entries should be accompanied by a filled and signed Registration Form. The junior participants (below 18 years of age) should have their Registration Form confirmed by their respective school. The schools which have Tadeusz Kościuszko as their patron are especially invited to encourage their students to participate.
